

TX-604 WACO/MCLENNAN COUNTY FY 2021 COC RENEWAL PROJECT EVALUATION

Name of Agency and Project: _____

Project Type: PSH RRH DV PSH DV RRH DV TH

Name of Reviewer: _____

The Continuum of Care (CoC) Scoring and Ranking Committee will complete a Renewal Project Evaluation Tool for each renewing CoC project (except for 1st year renewals due to lack of an Annual Performance Review to use for scoring). Projects failing to submit required information for a priority area will receive zero points for that priority area. After completing all Renewal Project Evaluation Tools, the CoC Scoring and Ranking Committee will rank all renewal projects according to their evaluation score and how well they meet the priorities set by HUD and HOTHHC.

DATA SOURCES

While some data will be collected from narratives such as the project descriptions, the majority of the data used in project evaluation comes from projects' Annual Performance Reviews (APRs), data from the Heart of Texas HMIS/Victim Service Provider Comparable Database, and Coordinated Entry data. Some information is obtained directly from providers or from Sage. Data from these sources is verified by HUD whenever possible:

- HUD audit/monitoring findings documentation;
- Information on timely draws and unspent funds from each applicant's Line of Credit Control System (LOCCS) accounts;
- Information on project matching funds; and
- Information collected by HUD field offices as shown through SAGE, including total LOCCS draw amounts.

RENEWAL PROJECT RANKING AND FUNDING RECOMMENDATIONS

The CoC Lead Agency for the Heart of Texas Homeless Coalition accepts all qualifying applications that meet HUD threshold requirements as established in the NOFA. Qualifying projects are then submitted to the CoC Scoring and Ranking Committee for scoring, ranking recommendations, and final approval for the CoC Competition Priority Listing.

REALLOCATION PROCESS AND PROCEDURE

The HOTHHC Board and CoC Committee understands and acknowledges that through the reallocation process very valuable projects may be defunded. The HOTHHC Board and CoC Committee is striving to develop a reallocation process that will ensure that projects submitted in the CoC Consolidated Application best align with the HUD CoC funding mechanism's priorities and contribute to a competitive application that collaboratively secures these dollars to improve our community. The HOTHHC Board CoC Committee seeks to make data-driven decisions based on information gathered from APRs and other HUD recommended data tools. This does not mean that the HOTHHC Board and CoC Committee does not value reallocated projects or the diversity of programs in our community. Rather, the HOTHHC Board and CoC Committee anticipates that most reallocated projects will seek funders with priorities better suited to cultivate the unique contributions these projects make to our community that HUD's CoC funding mechanism is not designed to recognize.
